# Nootka Wilderness Lodge

## A Fishing Paradise

This summer expect to be entertained from sun up to sun down at Nootka Wilderness Lodge with countless encounters of large Chinook (King) salmon screaming out hundreds of feet of line from your fishing rod. Our Federal Fisheries department is predicting another spectacular salmon fishing season in Nootka Sound for both Coho and Spring (King) salmon that will even surpass the incredible fishing we experienced in 2009.

The backdrop to this amazing fishing paradise is the absolutely stunning beauty of the rugged west-coast mountains rising straight up out of the sea. Soaring eagles, Humpback Whales feeding on massive schools of bait fish, acrobatic porpoises and black bears roaming the beaches are only a few of nature's wonders you can expect to see during your stay at Nootka Wilderness Lodge.

The world-class fishing, the awesome amenities, the friendly and attentive staff and the spectacular scenery and wildlife of Nootka Sound will have you smiling all day long and will etch in your mind the most unforgettable memories that will last an entire lifetime.

Many of our guests have found that the fishing trips they have experienced with us at NWL have not only proven to be one of the most pleasurable experiences they have ever had but have also been very beneficial in their business world as well. This is what one of our longtime fishing guests from Canadian Northern Shield had to say about their experience.

"Our 'Salmon Quest' trip to NWL is an annual tradition at CNS. We have held this event for the past 10 years and it is something that we, and our guests, eagerly look forward to.

The attentiveness of the staff, the fantastic accommodations, the stunning scenery and of course the incredible fishing keeps us coming back year after year.

It is great to get away with key business partners and have time to build relationships without the interruptions of cell phones and e-mails.

An invitation to join CNS at NWL is highly coveted!" - Ken Keenan

If you already have your reservation – welcome aboard for an unforgettable fishing season at Nootka Wilderness Lodge. If you would like to be part of this amazing fishing experience this upcoming summer, please give us a call and we will do our best to accommodate you at a time that will work for you during our peak fishing season. Don't let this be the season that you miss out on the fishing trip of a lifetime.

Just another fun day on the water.....

CNS enjoying another great fishing trip!

CNS always enjoys the fishing, friendship and personal touch of NWL. Their attention to detail and concern for customer needs is something we have come to appreciate and expect from NWL. A great experience!!!

"This is why I keep coming back" - Stu McDonald

"CNS is all about British Columbia! Formerly known as Canadian Northern Shield Insurance, we have more branches in BC than any other insurance company and we only write BC business. We offer a full range of personal insurance products for homeowners, condominium owners and tenants, private auto insurance and also commercial insurance. CNS is part of the RSA Canada group of companies". CNS

250-850-1500

### From the kitchen at NWL

Salmon or Halibut with Green Olive Tapenade

1 cup of pitted Greek jumbo olives

2 Tbsp roast garlic

1 Tbsp pepper coarse grind

4 Tbsp olive oil

1/4 cup sundried tomatoes

1/2 cup fresh basil

2 whole shallots {large}

Combine all in food processor and mix until smooth. Coat your catch using 4 Tbsp for a 4" by 8" filet. Bake at 375 Degrees until desired doneness {about 7 minutes per pound} be sure not to overcook.
